NIGHTSTAND

B X 4
LEGS

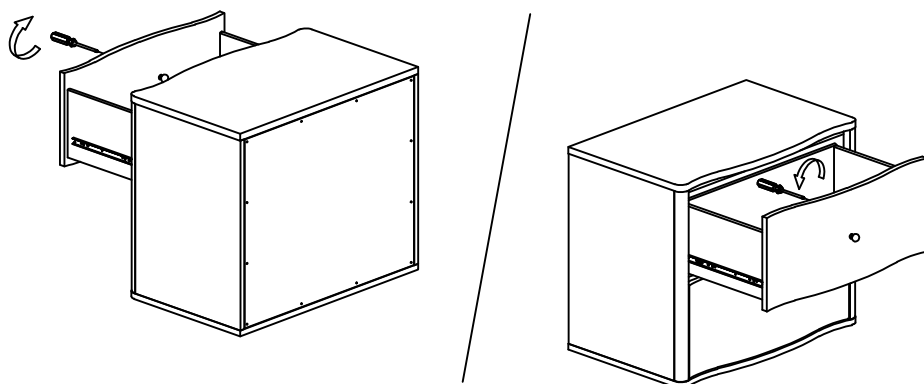

HARDWARE LIST

HW1 X 1

1

Remove the handles from the inside of the drawer front by using a Phillips screwdriver (not included) to unscrew the handles. Then attach the handles to the outside of the drawer front and tighten them securely with the Phillips screwdriver.

2

Open the drawers and remove the Legs (B). Place the Nightstand (A) on its back on a soft and clean surface. Screw the Legs (B) in a clockwise direction into the bottom of the Nightstand (A).

3

Place the nightstand in the place where you will use it. Follow the installation steps of the anti-tip kit to attach the nightstand to the wall. We'd love to see it - just tag us (we're @safavieh) and use the hashtag #safavieh on Instagram!
