Parts List

Hardware List

1

Open the zipper underneath the seat (A) and take out the legs (B) and hardware.

2

Place the split lock washer (HW1) and the flat washer (HW2) on the screws (HW3) in the order shown below.

Connect the front legs(B) and back legs(C) with hardware in step2, but don't tighten completely.

Turn the chair upright. Make sure all legs are level and then fully tighten all the screws. If the chair is wobbly, you can adjust the levelers on the bottom of the legs.

Place the chair in the place where you will use it. We'd love to see it – just tag us (we're @safavieh) and use the hashtag #safavieh on Instagram!
