SAFAVIEH
C O U T U R E

Thanks for bringing
Safavieh Couture into
your home

Every thing we make is incredibly
simple to set up, including your new
cabinet. You won't need any tools.

Parts List

Hardware List

1
Push the doors on the body (A) to open them

2
Insert the short shelves (B) into the left side of the Body (A). Insert the Long Shelf (C) into the right side of the Body (A). Make sure all shelves rest evenly on the shelf pins.

Adjust the levelers on the bottom of the legs as needed to make the product level.

Serious or fatal crushing injuries can occur from furniture tipover. To prevent tipover:

- Install tipover restraint provided.
- Place heaviest items in the lower drawers.
- Unless specifically designed to accommodate, do not set TVs or other heavy objects on top of this product.
- Never allow children to climb or hang on drawers, doors or shelves.
- Never open more than one drawer at a time.
- Do not defeat or remove the drawer interlock system.
- Use of tipover restraints may only reduce, but not eliminate, the risk of tip over.

Assembly Steps:

- Attach one mounting bracket "HW4" and secure to the back top edge of the furniture using the short screw "HW2".
- Mark the location on the wall for mounting the second bracket "HW4". Secure the bracket on the wall using the long screw "HW3".
- Place the furniture so the bracket on the back edge of unit is lined with the bracket on the wall.
- Loop the cable "HW1" through each bracket "HW4". Secure the cable "HW1" by connecting the two ends and turning the larger barrel end until it stops.
- Check to make sure the steel cable is securely laced and locked to the brackets.
- Complete!

Place the sideboard in the place where you will use it. We'd love to see it – just tag us (we're @safavieh) and use the hashtag #safavieh on Instagram!
